Approval, Discussion, and Vote on Mural Application Located at 120 Market Street. Tax Map 401, Parcel 625. Beach to Bay Heritage Area, Inc. Eugene Lusby, Owner

Mayor Nock introduced the agenda item concerning the proposed mural at 120 Market Street, located on the side of the Lusby building owned by Eugene H. Lusby. Mayor Nock referenced a memorandum from Planning Director Kristen Tremblay, dated September 30, 2026, regarding the application. The Planning Commission had reviewed the proposal at its August 27, 2026, meeting. Ms. Lisa Challenger, Executive Director of Beach to Bay Heritage Area, Inc., presented the proposal and provided background on the project. She explained that the organization received funding from the Maryland State Arts Council in 2025 to begin the mural planning process. That funding allowed the organization to conduct community meetings and commission three artists to develop design proposals. Ms. Challenger emphasized that the project involved collaboration with the Pocomoke Indian Nation to help ensure the mural respectfully and accurately recognizes the Indigenous heritage associated with the name and history of Pocomoke City. Ms. Challenger explained that the selected design had been developed through an extensive community engagement process lasting approximately one to one-and-a-half years. She noted that Beach to Bay Heritage Area had worked to incorporate community feedback and consultation with the Pocomoke Indian Nation throughout the planning process. She further stated that the organization had submitted an application to the Maryland State Arts Council for the funding needed to complete the mural. A final funding decision was expected in December 2026; however, the funding had not yet been confirmed. Ms. Challenger advised that the project would not proceed if the requested funding was not awarded. In response to a question regarding the anticipated project schedule, Ms. Challenger stated that, if funding were approved, work would begin in the spring of 2027 when weather conditions were more favorable. She also discussed the possibility of involving community members and local schools in a community painting day. The organization anticipated completing the mural in June 2027, with a possible ribbon-cutting ceremony at that time. Council member Marshall discussed the existing trees and vegetation near the proposed mural location and whether they could obstruct visibility of the finished artwork. Ms. Challenger acknowledged that evergreens and other growth were present near the building and stated that the organization would like to see the vegetation trimmed to improve visibility. She explained that the question of tree trimming or removal had not yet been fully addressed because the project was still awaiting its funding decision. Ms. Challenger referenced the Charles Tindley mural as a previous

example in which the town of Berlin had elected to remove pear trees to improve visibility from Main Street. Following the discussion and questions, Mayor Nock called for a motion on the mural application. Motion was made by Council Member Marshall to approve the mural as presented by Ms. Challenger. Seconded by Council Member Hall. Mayor Nock called for any unreadiness or discussion. Mayor Nock called for a vote. Hall- aye, Marshall – aye, Tull – aye, Downing – aye, Cottman – aye.

Ms. Challenger thanked the Mayor and Council for their consideration and stated that Beach to Bay Heritage Area would provide updates regarding the funding decision. The approval was granted with the understanding that the project remained contingent upon receiving the necessary funding from the Maryland State Arts Council.
